

WISHRAM SCHOOL

Invites applications for the position of CTE INSTRUCTOR

Wishram School District is pleased to announce an opening for a full-time certificated instructor to create a Career and Technical Education (CTE) program for all secondary students. Wishram School provides an optimal small school setting that takes great pride in having the ability to provide each student with the skills necessary to be successful. We see this position as crucial to narrowing the opportunity gap for our students as this will allow our scholars to gain skills that are in high demand within the local, state, and nationwide economy. The successful candidate should have direct working knowledge, skills, and experience in vocational programming, and have a strong desire to help students succeed using creative and effective instructional methods. Experience working in K-12 education is a plus, but a candidate with alternate experiences and a desire to gain the necessary certification will be considered. This will be a completely new program to the district, and therefore the ability to think outside the box, and plan for the future is essential. The ideal candidate will be self motivated, and constantly push themselves to provide the maximum amount of CTE options (with fidelity) to our students. Applications are currently being accepted, and this position will be open until filled, for best consideration please apply by April 26, 2019. Completed applications will include a Wishram School District #94 certificated employment application, a current resume, and a cover letter explaining your current skills, and how they will be utilized to provide maximum benefit to Wishram School District students.

SELECTION PROCESS

The Superintendent/Principal of the Wishram School and a Screening committee will determine the candidates to be interviewed and will conduct interviews with the help of staff. The Superintendent will make a selection based on the recommendation of the interview committee.
