**LEAD TEACHER REPORTS**

Mrs. Hilton reported on the changes implemented in the elementary classes. As the Title/LAP coordinator she has been actively involved in assessments using new curriculum. The changes implemented to restructure elementary including "centers based teaching"- is working really well for both students and teachers. Mrs. Hilton visits all of the elementary classes and is confident that these changes will better prepare students for entering secondary classes.

**Superintendent Report**

1. To date, we have had over 165 missing assignments turned in for the 2019/2020 school year. With the inclusion of our newly developed 8<sup>th</sup> period, we are finding even more time during the school day to work with our struggling learners, which is a tremendous benefit.
2. Governor Jay Inslee and first lady Trudi Inslee made an impromptu visit to our district last Wednesday. They were very complimentary of our grounds, our inspirational educators, and the success our students have found in our exemplary district. It was a perfect time to share with our state leaders exactly what it takes to effectively run small school districts throughout the state.
3. Our CTE courses have started, and students are very excited about the opportunities that these classes are going to provide to our school. We already have students in the shop working with their hands, and it's a wonderful sight.
4. Overall we have had a very good start to the 2019/2020 school year. We have a lot to be excited about, and a lot to be proud of.
