News from the Principal's Office

I am so excited to have been hired as your new Superintendent/Principal. For those who do not know me I grew up in Spokane, WA. After high school I went to Eastern Washington University and graduated in Education. This is my 18th year in teaching. I received my first job in Soap Lake, WA and worked there for 10 years. I taught grades Kindergarten through 5th. I also worked in special education and was a math and reading coach. I worked in White Salmon for two years where I did my internship to be a principal. In the 7 years I have been at Wishram I have taught Kindergarten, some middle school and special education. I have also taken on additional roles such as reading coach, ASB advisor, and assessment coordinator, and last year I was the assistant Principal.

I am looking forward to serving you as Wishram's School Superintendent.

SUMMER MEALS MYTH BUSTER

Myth: USDA Summer Meal Programs are only for young children.

Fact: Anyone 18 and under can receive meals through our Summer Meal Programs! Teens face the same risks of food insecurity in the summer, so make sure your teens are taking advantage of free summer meals too!

Myth: To get a meal, I have to sign my children up at the site ahead of time.

Fact: Most Summer Meal Program sites are 'open sites,' which means they are open to the community and do not require that children sign up in advance or even 'check-in' at the site. Children and teens must simply show up at the site to get their meal. Remember, the meal has to be eaten at the site! Most residential and day camps do require that you sign up for their program in advance in order to receive free meals.

Myth: I already receive benefits from SNAP (the Supplemental Nutrition Assistance Program), so my children can't receive meals from this Program.

Fact: USDA Summer Meal Programs supplement the meals that your children receive during the school year. Regardless of what other assistance your family may receive, open Summer Meal Program sites will provide meals for your children.

Myth: I should not send my children to a summer meals site because we're doing better than some other families and I don't want to take a meal away from someone who needs it more.

Fact: Sponsors prepare and distribute meals based on the number of children and teens that come to their sites. They are reimbursed by USDA for these meals, so if there is an increase in attendance at the site, the sponsors can plan to provide more meals the next day.

Myth: I have to submit income information, legal status, or other personal information about my family, in order for my child to be welcomed to a summer meals site.

Fact: Summer Meal Program 'open sites' are open to the community. Parents are not required to give any personal information about their children to site operators in order for the child to receive a free meal.
