***C.White motioned to excuse Director C.Rosa and K.Churchwell due to employment schedule conflicts.***

***C.Patten-Rowan seconded the motion.***

***Motion passed.***

Superintendent Report

To date, we have collected 378 missing assignments, AND we have helped every currently enrolled student recover their credits from missing assignments from last semester. We might be the only district in the region in such an advantageous position when considering credit recovery efforts due to the pandemic, and our use of the missing assignment list seems to be the major difference.

The staff evaluation process is underway, all certificated staff have created and submitted their student growth goals for the year, first formal observations will be taking place starting next week.

We are on track to meet the staff COVID-19 vaccination and/or religious/medical accommodation mandate without the loss of any staff.

Our COVID-19 on site testing has begun. Office staff took part in training modules for administering both a antibody (rapid) and molecular (PCR) COVID-19 tests with the hope of reducing the amount of time that students, staff, parents, and community members have to wait to receive a test and obtain results. While the program is still in its infancy, it could certainly, help us with keeping students and staff in school.

Running start classes have begun, we currently have 5 students taking a total of 71 college level credits. As stated previously, we even have two students who are on track to receive their associates degree upon graduation this year, which is a first for our district.

Homecoming will take place the week of October 11th -15th.

This has been an incredibly challenging month, even more so than we thought, but we are handling the significant adversity with the goal of keeping students engaged with in person learning, and we will continue to do whatever it takes to keep our doors open.
